Actions from previous meeting

We were celebrating Children in Need so we were all dressed in spots. Some of us had forgotten our badges but we decided it was ok not to have our badges. We celebrated those who had remembered. Years 2 had shown the reception children where our School Council notice board was. Noticeboard had been updated. EYFS have completed their 'All about me' documents to be added to the hall noticeboard. A new book was created for Woodpeckers as the previous years could not be located.

Minutes

- We talked about the Safeguarding Policy and who were the schools safeguarding officers. The children named most of the people and Callum remembered Mrs Farrelly

and Ivy thought it was a member of the Government. We spoke again about our Governors and how they make sure Mrs Nicholson is doing the right thing.

- Think Pair Share - We read the ideas of the classes and thought we needed to make sure we all do the same signs for 'Think Pair Share'. We liked Swifts actions so we will go over these in assembly on Monday and practise. Mrs Nicholson will take a photo to show actions we should use.
- Lunchtime - we voted on some suggestions especially the thoughts on putting a film on during lunch. Four of our councillors said it would work because the children would watch the film and be quiet. However six of the group said no because some of the children couldn't see the screen as they would need to turn round to look at the screen. We voted **NO** to a film at lunchtime.
- We had a go at the whispering to a friend idea but we thought we couldn't always understand what our friends had said so this was a **NO**.
- We voted **YES** to trying music to see if this would help.
- FIFA 2022 - We said we would send a text to parents to tell them what we could wear - Red white and blue or our own sports/football kit.
- We ran out of time so we will talk to the school on Monday in assembly and finalise our lunchtime rules in our class.
- All the classes need to read Robins and Chaffinches add or delete the ones they don't think will work. Some have been voted on.
